MEMORANDUM FOR THE PRESIDENT

Subject: Establishment of a U.S. Government Radio Station in the United Arab Republic

There is most urgent need to establish and operate a U.S. Government radio station in the United Arab Republic.

Our ability to obtain the approval of the government of the United Arab Republic to construct and operate a U.S. Government radio station in territory under its jurisdiction may depend upon our being able to offer that government reciprocal rights to establish a similar station at or near its embassy in Washington, D.C.

Section 305 of the Communications Act of 1934, as amended, permits you to authorize a foreign government to establish such radio facilities only if you determine that (1) such authorization is consistent with and in the interest of national security, and (2) the authorization is consistent with the national interest of the United States. Section 305, as amended, further conditions this authorization upon the providing of reciprocal privileges to the United States to construct and operate radio stations within the territories subject to the jurisdiction of such foreign government.

In view of the foregoing, I recommend you sign the enclosed memorandum containing the determinations required by Section 305, as amended, with respect to the United Arab Republic and directing me to exercise your authority in the implementation thereof.

ps/ Dean Rusk

MEMORANDUM FOR THE SECRETARY OF STATE

The White House

Washington, October , 1962

Your memorandum to me of October 31 ,1962 requested that I make certain determinations required by law, and issue implementing instructions, which would enable the United States Government to offer reciprocal privileges to the United Arab Republic to establish a radio station at or near its embassy in Washington, D.C.

By virtue of the authority vested in me by Section 305 (4) of the Communications Act of 1934, as amended, as added by Public Law 87-735, 76 Stat. 203, and as President of the United States, it is hereby determined to be consistent with the national interest and the interest of national security of the United States, for the United Arab Republic to construct and operate at the seat of Government of the United States, a low power radio station in the fixed service at or near the site of its embassy for transmission of its messages to points outside the United States.

You are hereby directed, in consultation with interested Departments, agencies and other instrumentalities of the United States Government, to take all steps required to consummate the arrangements necessary for the establishment of a radio facility in Washington by such foreign embassy.

John C. Ehrlich

MEMORANDUM FOR

THE SECRETARY OF STATE

Your memorandum to me of October 29, 1962 requested that I make certain determinations required by law, and issue implementing instructions, which would enable the United States Government to offer reciprocal privileges to the American Republics to establish radio stations at or near their embassies in Washington, D. C.

By virtue of the authority vested in me by Section 305(d) of the Communications Act of 1934, as amended, as added by Public Law 87-795, 76 Stat. 903, and as President of the United States, it is hereby determined to be consistent with the national interest and the interest of national security of the United States, for the American Republics with which the United States maintains diplomatic relations to construct and operate at the seat of Government of the United States, a low power radio station in the fixed service at or near the site of the embassy of such American Republic for transmission of its messages to points outside the United States.

You are hereby directed, in consultation with interested departments, agencies and other instrumentalities of the United States Government, to take all steps required to consummate the arrangements necessary for the establishment of radio facilities in Washington by such foreign embassies.

AS John C. Ehrlich

October 29, 1962

MEMORANDUM FOR THE PRESIDENT

Subject: Establishment of U. S. Government Radio Stations
in the American Republics

There is a most urgent need to establish and operate United States Government radio stations in the American Republics, particularly in the Caribbean area.

Our ability to obtain the approval of the governments of the American Republics to construct and operate a United States Government radio station in territories under their jurisdiction may depend upon our being able to offer their governments reciprocal rights to establish similar stations at or near their embassies in Washington, D.C. It is doubtful that many countries will desire to establish such facilities in Washington, but for domestic political purposes it often is necessary for them to obtain such authority in return for granting similar authority to us.

Section 305 of the Communications Act of 1934, as amended, permits you to authorize a foreign government to establish such radio facilities only if you determine that such authorization is (1) consistent with and in the interest of national security; and (2) that the authorization is consistent with the national interest. Section 305, as amended, further conditions this authorization upon the providing of reciprocal privileges to the United States to construct and operate radio stations within territories subject to the jurisdiction of such foreign government.

In view of the foregoing, I recommend you sign the attached memorandum containing the determinations required by Section 305, as amended, with respect to certain American Republics, and directing me to exercise your authority in the implementation thereof.

MEMORANDUM FOR THE PRESIDENT

Subject: Establishment of a U. S. Government Radio Station in the Union of Soviet Socialist Republics

There is most urgent need to establish and operate a United States Government radio station in the Union of Soviet Socialist Republics. The delays experienced recently in the exchange of communications between you and Chairman Khrushchev regarding the developments in Cuba have emphasized the urgency and importance of this requirement.

Our ability to obtain the approval of the Union of Soviet Socialist Republics to construct and operate a United States Government radio station in territory under its jurisdiction may depend upon our being able to offer that government reciprocal rights to establish a similar station at or near its embassy in Washington, D.C.

Section 305 of the Communications Act of 1934, as amended, permits you to authorize a foreign government to establish such radio facilities only if you determine that (1) such authorization is consistent with and in the interest of national security, and (2) the authorization is consistent with the national interest of the United States. Section 305, as amended, further conditions this authorization upon the providing of reciprocal privileges to the United States to construct and operate radio stations within the territories subject to the jurisdiction of such foreign government.

In view of the foregoing, I recommend you sign the enclosed memorandum containing the determinations required by Section 305, as amended, with respect to the Union of Soviet Socialist Republics and directing me to exercise your authority in the implementation thereof.
